

## **Startup cell:**

The cell with its team of mentors, coordinators and student volunteers of the institute will nurture the potential start-up ideas. Startup cell is meant to coordinate and renovate activities with vision of NISP of institute.

### **Objectives:**

1. To develop entrepreneurial skills among students and faculties.
2. To provide infrastructure support and access to resources for early stage enterprise development.
3. To enhance in-house competency development to serve potential and early stage entrepreneurs and student innovators at the institute.
4. To strengthen the inter-departmental and inter-institutional linkage, incubators and other ecosystem enablers at different levels.

### **Activities:**

1. Awareness on various government funding schemes related to their startup's projects.
2. Signing MOU's with the external incubators
3. Entrepreneurial awareness through panel discussion and talk shows.
4. Session on How to plan for startup with legal and ethical steps
5. Session on Prototype validation, converting prototype into startup
6. Interactive session with successful startup founder and entrepreneur in campus
7. Field visit to Incubation centre.
